

FOR IMMEDIATE RELEASE

Brazonics Appoints New Director of Sourcing

December 10, 2007, Hampton, NH—Brazonics, Inc, a TSI company, is pleased to announce the appointment of David Reynolds as the new sourcing director effective immediately. In addition to his role at Brazonics, David will serve as sourcing lead for all TSI companies: ADB industries, American Avionic Technologies Corporation, CGR Technologies, Performance Metal Fabricators, Thompson Industries and Woven Electronics.

David's primary responsibilities will be to leverage both Brazonics and TSI's purchasing power through best practices using his experience in both the commercial and government sectors. Mike Mastergeorge, Brazonics president, states, "David will lead a strategic alliance with our suppliers in order to ensure that we continue to offer our customers industry leading solutions and services."

David joins Brazonics following previous assignments at Thermo Fisher Scientific as materials manager, which included global responsibilities for facilities in Massachusetts, Puerto Rico and Scotland. Prior to Thermo Fisher Scientific, he worked for Ametek Aerospace & Defense as commodity manager for electro-mechanical and mechanical commodities. In this role, he led strategic sourcing decisions for four separate manufacturing facilities in Massachusetts, New York, Washington and Mexico. Prior to that, he worked for Lockheed Martin Corporation, currently BAE Systems, located in New Hampshire. During his career at Lockheed Martin, David was in sourcing where he worked on programs such as ATIRCM/CMWS (Advanced Threat Infrared Countermeasure/Common Missile Warning System) and Predator.

David earned his bachelor of science degree from San Diego State University and his master of business administration from Boston College. In addition, he is Six Sigma Green Belt certified, Practical Process Improvement (PPI) certified and he has acquired various negotiating and leadership training credentials.

Brazonics, Inc. (www.brazonics.com) is an electronics packaging and thermal management company specializing in the design and manufacture of aluminum brazed assemblies including enclosures and chassis', cold plates and heat exchangers for military and commercial industrial markets.

TSI Group, Inc. (www.tsigroupinc.com) is a world-class supplier of high quality contract manufactured and custom engineered electronic assemblies and thermal management products, enclosures and interconnect solutions for military, commercial and security applications.
