

FOR IMMEDIATE RELEASE

TSI Appoints Randy Delaney President of Thompson Industries

February 12, 2008, North Hampton, NH—TSI Group, Inc. is pleased to announce the appointment of Randy Delaney as President of Thompson Industries, Ltd., a manufacturer of specialized heat transfer products, which are used in military avionics, fire control radar systems, semiconductor equipment, supercomputer systems and medical analysis devices.

“We are thrilled to add someone of Randy’s caliber to the TSI executive management team,” said Greg Tucker, CEO of TSI Group, Inc. “Randy’s extensive experience in the aerospace industry is strategically aligned with the mission and goals of both Thompson and TSI.

Randy joins Thompson from First Group PLC, where he was the regional director of maintenance for the western region of the United States. Prior to that Randy held positions with various aerospace and manufacturing organizations such as TIMCO Aviation Services, B/E Aerospace and Northwest Airlines. Randy spent 13 years at General Electric where he held several management positions including manager of shop operations.

TSI Group, Inc. (www.tsigroupinc.com) is a world-class supplier of high quality contract manufactured and custom engineered electronic assemblies and thermal management products, enclosures and interconnect solutions for military, commercial and security applications.
